THE PRONTO DIFFERENCE

We are dedicated to delivering exceptional quality hire equipment tailored to the civil and building industries. Our commitment extends to offering unparalleled service that prioritizes your needs and maximizes your productivity.

At Pronto Hire, our unmatched speed and efficiency set us apart. With our in-house team of skilled mechanics and dedicated delivery fleet, we respond swiftly to your needs — whether delivering equipment quickly or addressing breakdowns with minimal delay. We prioritize understanding and anticipating your requirements, ensuring timely and

reliable service for projects of all sizes, from a simple driveway repair to extensive motorway construction. Our commitment is to be your go-to provider, guaranteeing that your projects are completed on time, with minimal downtime and maximum operational efficiency. Count on us to show the difference!

MISSION

Pronto Hire provides **quality rental equipment, quality solutions, and exceptional service** that will be beneficial to customers. We will return a profit that will support a happy working environment and the wider community.

VISION

We will become the **leading and preferred** rental company in the Auckland area, supplying a **modern fleet** of construction equipment, to provide the **optimal/perfect solution** that will exceed their expectations.

SETTING THE VISION

ALISTAIR • Director

With over 30 years of industry experience, Alistair's got machinery in his blood. Starting with his family's agricultural business in Dargaville, he ran a machinery dealership for years before launching Pronto Hire in Auckland in 2014. Under his leadership, Pronto Hire has grown exponentially, evolving from a small team of three to a thriving company with over 40 staff and a 1300-strong fleet. Alistair's customer-focused vision has been the driving force behind Pronto Hire's transformation into the respected business it is today.

BRONSON • General Manager

Since joining Pronto Hire in 2016, Bronson has worn many hats, taking on a range of operational roles including cleaning and yard work, transport, workshop, and mechanical duties. He progressed to oversee operations, then moved into sales, became Rental Manager, and now serves as General Manager, leading the business forward. Bronson is passionate about delivering top-quality rental equipment and a seamless hire experience, empowering customers to drive their projects forward. With a customer-first mindset, his answer is always 'yes' - he's dedicated to finding solutions to any problem. His proactive approach and determination make him a driving force within the company.

WHEELED EXCAVATORS

ELECTRIC DIGGERS

BULLDOZERS

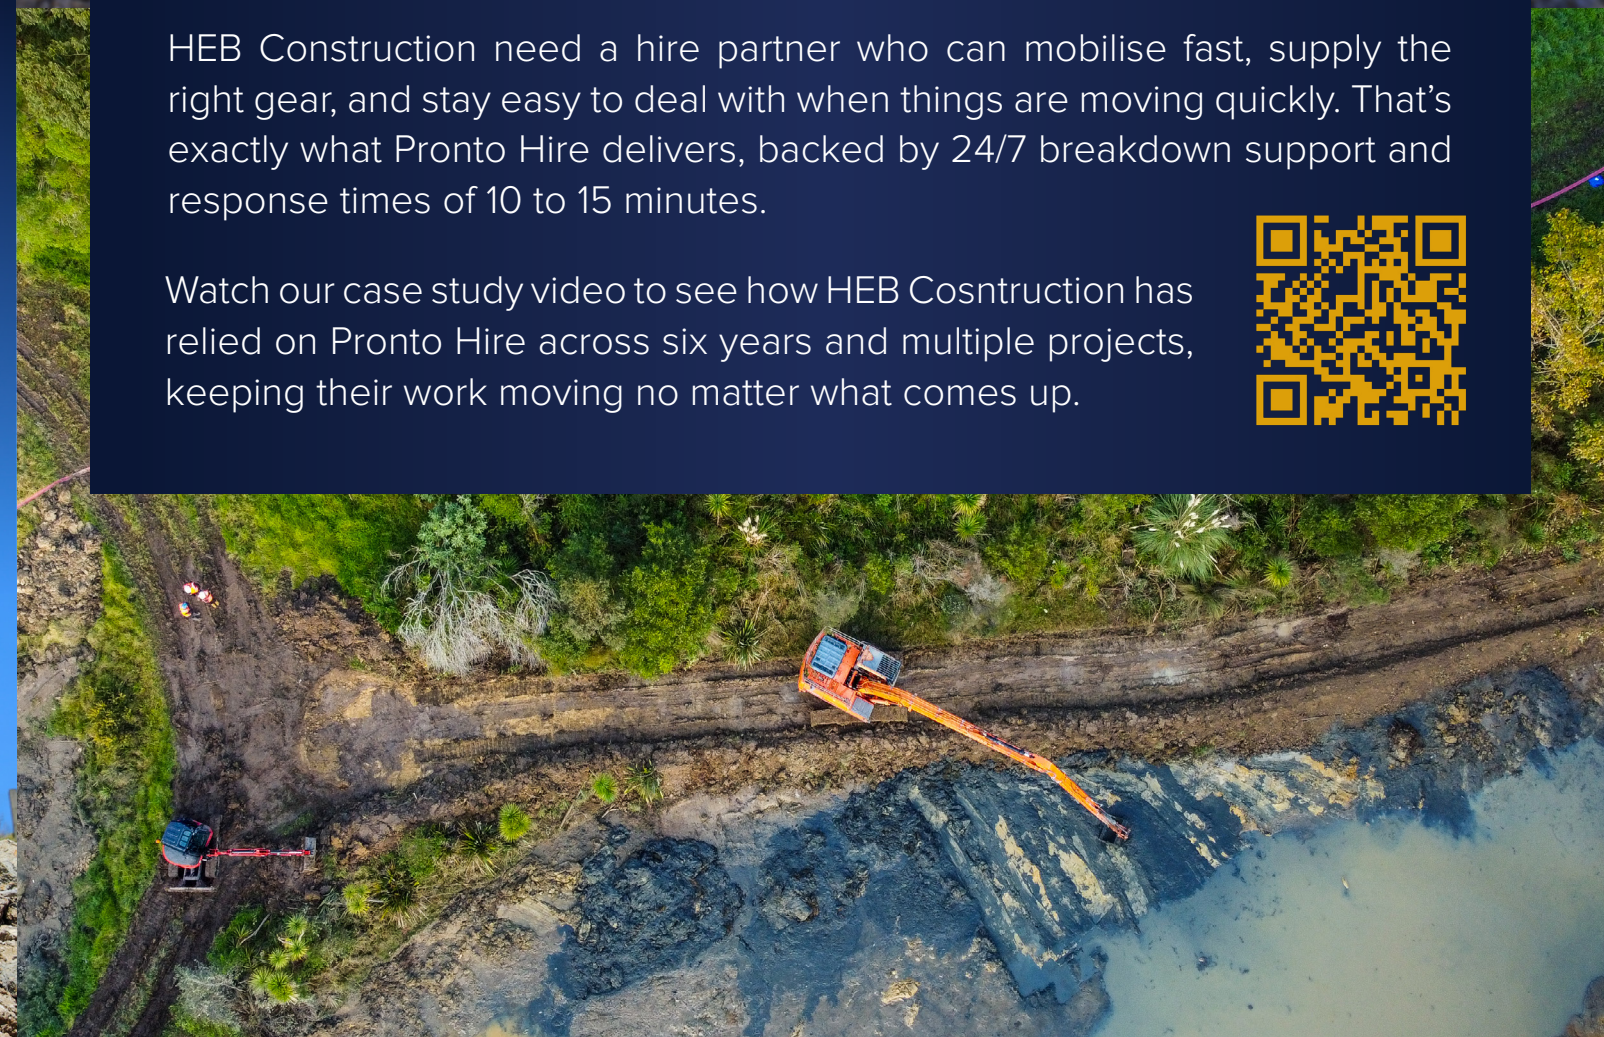

Whatever your project whether it be building a track, pushing out stock piles or spreading topsoil, we have a range of different sized quality bulldozers to suit different applications.

CLIENT CASE STUDY VIDEO

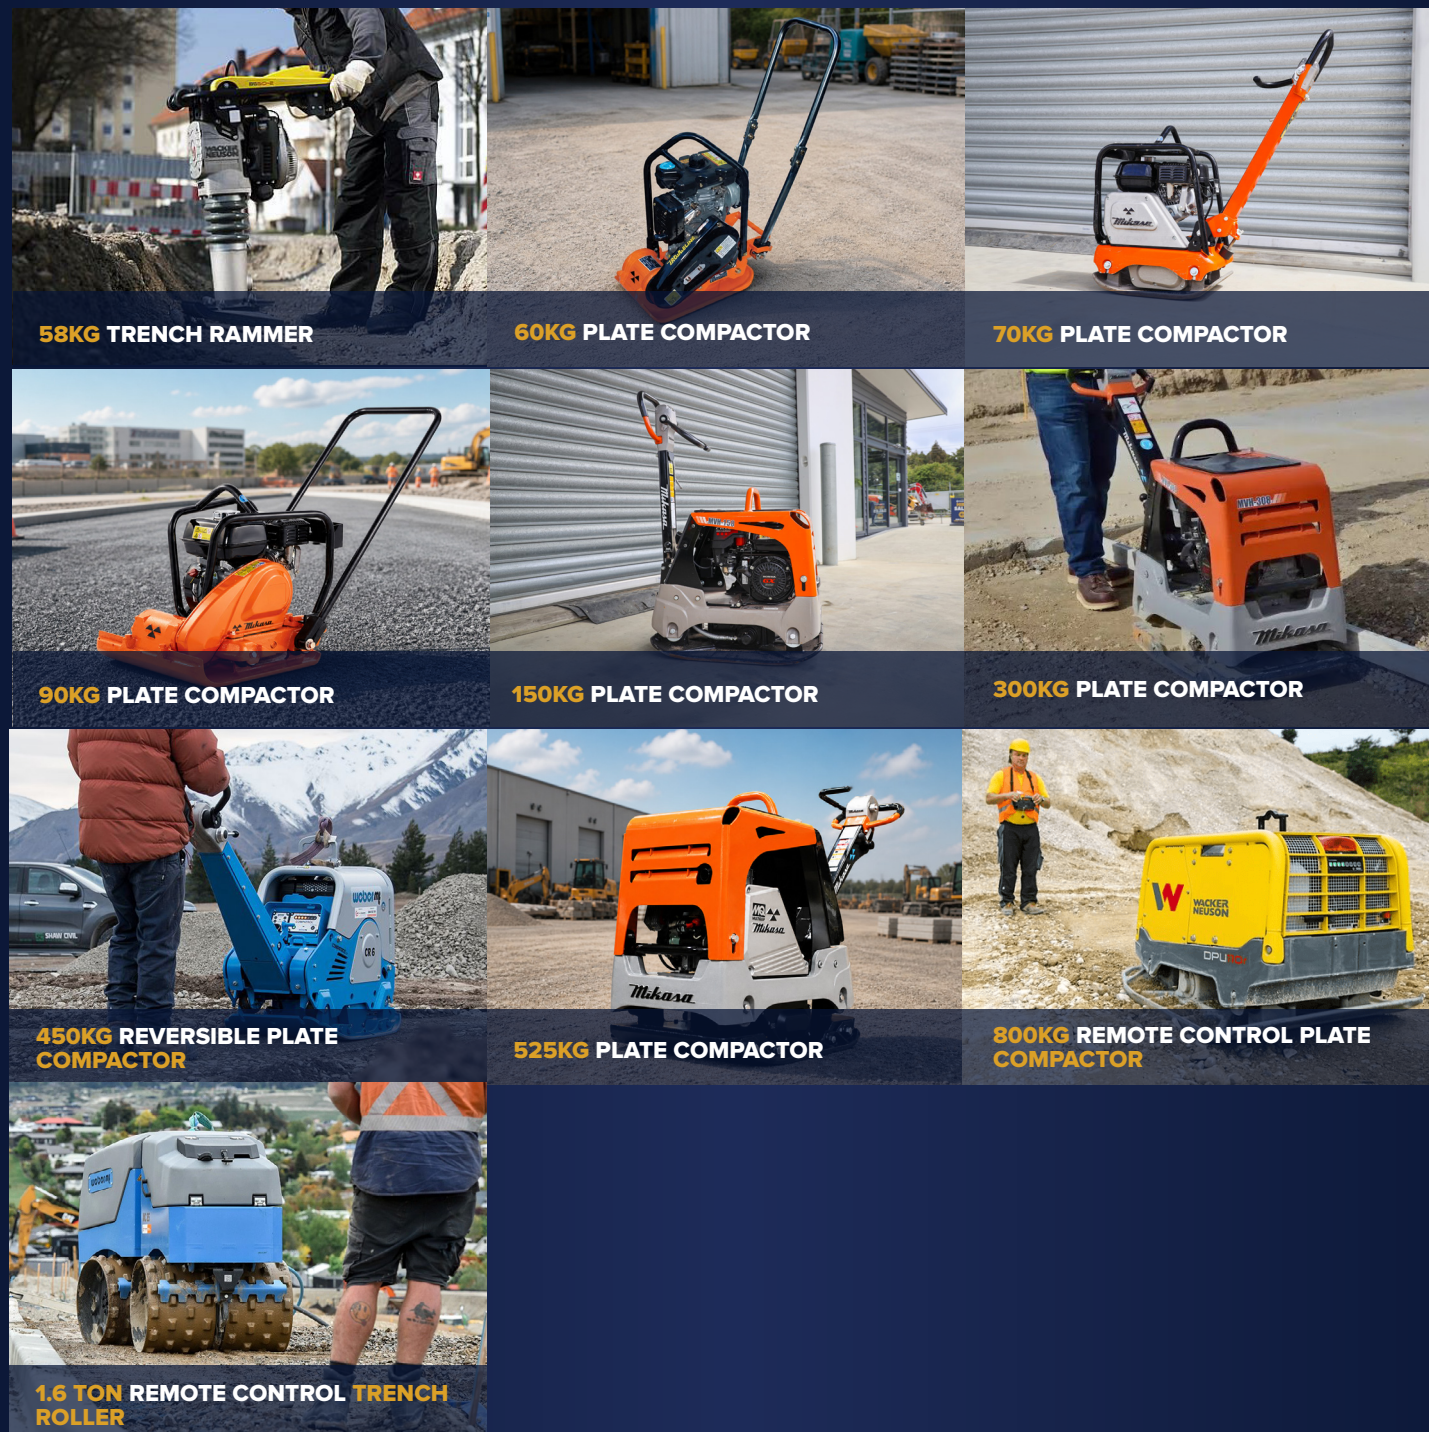

HEB Construction need a hire partner who can mobilise fast, supply the right gear, and stay easy to deal with when things are moving quickly. That's exactly what Pronto Hire delivers, backed by 24/7 breakdown support and response times of 10 to 15 minutes.

Watch our case study video to see how HEB Cosntruction has relied on Pronto Hire across six years and multiple projects, keeping their work moving no matter what comes up.

COMPACTORS

We offer a versatile fleet of compactors, each with different weight capacities, ensuring the perfect fit for your project. Whatever the job, trust Pronto Hire for reliable and efficient compaction solutions!

“ Pronto Hire supplied plant on the P2WK (SH1 – Puhoi to Warkworth) project for the Fletcher Construction / ACCIONA infrastructure Joint Venture. Pronto Hire provided various types of construction plant, including but not limited to: excavators, tipper trucks, Hydrema transporters and compactors. All plant supplied were of good quality, all of which gave good utilization and availability ratios. Pronto Hire did not at any stage have any HSE incidents or concerns on the project.

Pronto Hire's contractual and commercial management capabilities were good, with all financial queries being dealt with in a respectable and professional manner. Based on my previous dealings with Pronto Hire on the P2WK project, I would gladly make use of their services again.

”

“ As a reactive maintenance contractor for Auckland Council Healthy Waters it is hugely important that we have resources and equipment readily available when required. On many occasions we have been engaged to tend to emergency requests from Council which has seen us needing heavy machinery such as diggers, dumpers and compactors of all sizes, this is where the Pronto team reign above the rest. The team at Pronto have always found way to get us what we need when we want it and service second to none this helps us with our client satisfaction and overall community well being. We within the Downer stormwater department no longer shop around for equipment as Pronto have and will continue to be our preferred supplier. Pronto range of plant is always well maintained and tidy which inturn works towards the professional look we seek. Big thanks to the team.

“ Pronto is an amazing business partner for our landscape contract business. They genuinely understand the pressures and stresses of our industry and never let us down. Pronto has been a game changer for rochford landscapes , allowing us to grow by enabling us to take on bigger jobs without having to make massive investments in new machinery. I look forward to this partnership growing into the future.

TRANSPORT SERVICES

At Pronto Hire, we understand that getting your equipment to and from the job site is a crucial part of the process. Our commitment is to streamline this aspect for you.

When you choose Pronto Hire for your equipment needs, you can rest assured that we handle the logistics seamlessly. We thoroughly inspect and secure every machine before transport, utilize hydraulic ramps and experienced drivers for safe handling, and provide GPS tracking for complete peace of mind throughout the journey.

Our transportation services extend beyond our rental fleet. Need to move your own equipment between job sites or for maintenance? Our experienced team and specialized trucks handle your machinery with the same care and professionalism we apply to our rental inventory.

Trust Pronto Hire for efficient equipment rental and transportation services tailored to your needs. Whether you need a mini excavator, a skid steer loader, or a large bulldozer - we've got you covered!

SAFETY FIRST

Renting heavy equipment is a smart move for various projects, whether it be construction, landscaping, industrial or others. However it's crucial to prioritize safety when operating these powerful machines. From excavators to bulldozers, each piece of heavy equipment requires proper handling to prevent accidents and ensure efficiency. Here are some helpful tips to keep in mind when renting heavy machinery to ensure a safe and successful experience:

BY FOLLOWING THESE HELPFUL TIPS, YOU CAN ENSURE A SAFE AND SUCCESSFUL RENTAL EXPERIENCE WHILE MAXIMIZING PRODUCTIVITY ON THE JOB SITE.

RESEARCH AND CHOOSE THE RIGHT EQUIPMENT:

Factors to consider when selecting which machine is best for your job site would be the type of terrain, workload, and specific tasks you need to accomplish. Choosing the right equipment that suits your needs and capabilities is essential for safe operation. Get in touch with our customer service team (0800 77 66 86) to ensure you're selecting the most suitable equipment for your project.

ESTABLISH CLEAR COMMUNICATION:

Effective communication is essential when operating heavy equipment on a job site. Use hand signals, radios, or other communication devices to ensure everyone is aware of their surroundings and potential hazards. Clear communication helps prevent accidents and enhances overall coordination and efficiency.

USE PERSONAL PROTECTIVE EQUIPMENT (PPE):

Prioritize safety by ensuring all operators wear appropriate personal protective equipment (PPE). Depending on what equipment you are using, this may include hard hats, high-visibility vests, steel-toed boots, gloves, safety glasses, and possibly more. PPE provides an additional layer of protection against potential hazards and minimizes the risk of injury in the event of an accident.

REGULARLY INSPECT AND MAINTAIN EQUIPMENT:

Throughout the rental period, conduct regular inspections of the equipment to identify any issues or signs of wear. Addressing maintenance concerns promptly helps prevent breakdowns and ensures the safe operation of the machinery. Follow the maintenance schedule outlined by Pronto Hire and perform routine checks on fluids, filters, tires, and other critical components. Reporting any maintenance issues promptly to us ensures timely repairs and keeps the equipment in optimal condition.

CUSTOMER TESTIMONIALS:

Pronto as a company has been one of the best suppliers I have had the privilege to deal with. They are always willing to help and are great problem solvers. They always met my requests and always went the extra mile.

IVAN FORM EDGE

I have found Pronto to be a very professional and organized company to deal with who most certainly live up to their name, not only are they quick to get your hired equipment delivered they are also really efficient at getting back to you with answers around availability, quotes, plant specifications. A real pleasure to deal with.

ALEXANDER CONTRAX LTD

We have been hiring gear from Pronto for 10 years; they are always friendly, reliable and committed to helping find solutions. They have great people and an awesome fleet.

DOUGLAS RED DELL LTD

“ Premier Engineering Services Ltd have used Pronto hire for all our plant hire throughout the country. We sometimes have sites that are located in the extreme rural areas. This doesn't seem to affect the delivery, and I have always received the correct type of equipment on time and in excellent condition. I have had nothing but great service from the team and would highly recommended Pronto hire. Keep up the good work!”

DONOVAN PREMIER ENGINEERING

“ We have been using Pronto Hire for many years now for our machinery hire needs and I can't speak highly enough of their service. Their team consistently delivers amazing service and reliability, making them a standout in the machinery hire business. Their dedication to customer satisfaction and attention to detail never cease to impress. I highly recommend Pronto for their outstanding service and dependability.

WIKI CLARK CONTRACTING

“ Just want to say a big thankyou to Bronson and the team down at Pronto Hire. We had an emergency breakdown and required a digger as soon as possible. I called Pronto at 10PM on a long weekend and they had a 2.5T delivered to site within an hour no ifs, buts or maybe. Superb service and the team really lived up to their name. Downers are grateful keep up the great work.

ROBYN DOWNERS

USED EQUIPMENT

Need a machine long-term? Or ready to own your own gear? We've got your back. At Pronto Hire, we regularly upgrade our fleet to keep things fresh and top-of-the-line for our hire customers - which means our ex-rental machines are up for grabs!

Our ex-rental machines aren't your typical second-hand gear. Each one is fully serviced, inspected, and cared for by our expert team, so you get modern, low-hour equipment that's ready to work straight away. From excavators and dumpers to scissor lifts and rollers, our range covers all the major construction

and industrial applications, giving you the versatility to tackle any project. With flexible finance options, professional delivery across New Zealand (and overseas), and ongoing support from our team, buying from Pronto Hire means reliability, quality, and peace of mind - gear you can trust.
